EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tara Chand Singhal on 5/16/06.

The application has been amended as follows:

IN THE CLAIMS:

Claims 53 and 72 have been amended as follows:

53. A charity system facilitating contributions from a merchant to a charitable entity comprising:

a. a first function for receiving and storing entity data of entities willing to influence a select group of public to patronize merchants who are willing to contribute a percent of their sales to the entities',

b. a second function for receiving and storing data of members of **the** select group desiring to patronize **the** merchants willing to contribute to the entities;

c. a third function printing and mailing a charity card encoded with charity identification and member identification to the members of **the** select group;

d. a fourth function in a merchant computer system with a sale terminal enabling reading the charity card and computing a contribution **by multiplying a sale amount and a** percent of sale and storing said contribution data identified by entity identification and member identification into a merchant database.

72. A merchant participating in a charity system, wherein the merchant contributes to a charitable entity **a contribution computed by multiplying a sale amount and a percent of the sale**, a sales receipt printed by a merchant sales terminal wherein the sales receipt comprising: on the face of the sales receipt, identification of the charitable entity along with an amount of contribution to the entity by the merchant.

REASONS FOR ALLOWANCE

3. After further search and thorough examination of the present application and in view of the Applicant's arguments and amendments, claims 45-74 are found to be in condition for allowance over the prior art made of record.

4. The following is an examiner's statement of reasons for allowance: Although the prior art of record teaches a system and method for donating to charitable entities during purchasing wherein a percent of the sale amount is given to a selected entity or selected entities, the prior art of record fails to disclose or fairly suggests computing the contribution by multiplying the sale amount and a percent of the sale amount. These limitations in conjunction with other limitations of the dependent and independent claims were not shown by, would not have been obvious over, nor would have been fairly suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
